

## Empty Cartridge Qualifying List

Please find following our "Qualifying List" which lists all empty cartridges that we can accept on our recycling program.

As long as you have a minimum of 20 cartridges marked on this list with a "☑" we will collect any other cartridges on the list free of charge, thereby helping you to dispose of the cartridges in an environmentally friendly way and ensuring your own Duty Of Care compliance.

Empty cartridges have most value for re-use rather than raw material recycling so please pack them carefully to prevent damage in transit.

Please note that any unlisted cartridges returned may incur a surcharge for transport and disposal. Please therefore check with us if you are unsure what cartridges you have to return. Previously recycled cartridges are only acceptable if listed and made from the original casing. Compatible or hybrid casings cannot be accepted.

We look forward to receiving your cartridges.
